TECHNICAL DETAILS

Viticulture

- Grape varieties: Cabernet Sauvignon 54% / Merlot 43% / Cabernet Franc 3%
- Soil: Garonne gravels from the quaternary period
- Average age of vines: 25 years old
- Planting density : 7200 vines/ha
- Organic farming
- Bud pruning, desuckering, deleafing and green harvest when necessary

Winemaking

- Harvest: manual and by machine
- Double sorting: mechanical then manual on a vibrating table
- Vinification plot by plot; fermentation in temperature controlled stainless steel tanks (40 to 180 hl). Post fermentation maceration between 20 and 26 days. Malolactic fermentation: 30% done in new oak barrels
- Aging : 12 months in oak barrels; 30% new oak
Follow-up of barrels' quality: blind testing every 4 months.
- Racking every 4 months

Bottling

- Egg-white fining

2019 VINTAGE

Pierre Cazeneuve joined the Paloumey team in 2015 in order to take over the family torch and is now running the estate since 2018. Being an agricultural engineer, he started the conversion of the Château Paloumey vineyard into organic farming in 2015. All our plots are run in accordance with the Organic Agriculture label.

Château Paloumey 2019

Scores and tasting notes

James Sucking: 92-93 (June 2020)

Yves Beck: 91-92 (June 2020)

Terre de Vins: 91-92 (June 2020)

Jeff Leve (The Wine Cellar Insider): 90-92 (Juin 2020)

« Earthy, dark red fruits, liquorice, smoke and a hint of mint garner your attention on the nose. The palate shines with its round, lush, sweet, dark fruits, espresso and bitter chocolate along with blackberries. Give it a few years in the cellar and it will be even better. This is probably the best wine Paloumey has ever produces »
